STREET TO THE RIVER CASE WILL BE HELD TOMORROW

Wyant and Robbins, Attorneys for the Town of Monessen Were in Town Today Summing Up Evidence.

Attorneys Wyant and Robbins of Greensburg, who will represent the boro of Monessen in the street to the river case, which will be heard in Greensburg tomorrow, were in town today in the interests of their case. AttorneysW.S. Byers and J Q Pinkerton and Civil Engineer Warren Matthews are the commissioners appointed by the court to take the testimony.

A bitter legal contest can be expected as the P. & L. E. railroad company is determined that the street shall not be opened and the representatives of the boro are just as determined that it shall Fourteen of Monessen's representative citizens and business men have been subpoenaed to give evidence in the case and will go to Greensburg on the early train tomorrow morning.

Since the court confirmed the report of the viewers, no objections have been filed except those of the P. & L. E. R R. to the grade crossing. Boro Engineer Irvin and Civil Engineer Ward of California, the latter having been employed by the boro to assist in the work, have made a thorough survey of the crossing determine what grade would be necessary to go under the tracks as the P. & L E company suggests.

Their report shows that this would be practical The boro representatives have also gone so far as to employ men to find out exactly how many trains pass the crossing daily, at what time and in what direction.

To obtain an outlet to the river has been a much time and has required diligent and faithful effort on the part of the officials and their subordinates It has up to the final climax and should the city win or lose, the citizens of Monessen rest assurred that Mayor Shutterly and the Monessen council have done everything in their power to bring this important issue to a successful termination.

"Tracy the Outlaw".

The next attraction at the Monessen Opera House is Wild's and Arnolds big scenic production of the famous life drama "Tracy the Outlaw". Although this play has been played before in certain sections of the country, no scenic production of the original play has ever been seen outside of the larger cities.

This company comes to Monessen with the highest recommendations of the press and public of surrounding cities and there can be but little doubt but that their engagement here will prove a successful. An excellent dramatic company has been carefully selected to present this thrilling play, and several high class specialty performers will be seen between the acts.

There are few melodramas of any class that tell a consistent and interesting story, but 'Tracy the Outlaw" by reason of its foundation on actual incidents in the life of this remarkable desperado, has given its author the opportunity of so doing, which he has improved. The piece abounds in exciting climaxes and broad comedy situations supplied by five comedians. Prices 25, 35, 50 and 75 cents for this engagement. The company will appear at the local opera house Saturday evening, October 27.

This production should not be confused with repertoire company performance

WILL HAVE BETTER LIGHTS.

Higher Voltage Lines Will be Completed by Friday and Town Will Have Stronger Current.

After a long wait and much disappointment and inconvenience the Monessen merchants will at last receive with great joy the news, that the Monongahela Valley Electric Company will complete its higher voltage lines to this city Friday, and the current will be turned on Saturdry.

For a long time, and more especially on Saturday nights, the lights in the local business houses have been little better than none, which fact has occasioned much inconvenience as well as caused financial losses in many cases. However they have borne these burdens very generously with the promise that the company was doing everything in its power to remedy the conditions.

Superintendent Glass has now given assurance that should nothing happen to delay the work the lines will be connected up Friday, and the additional voltage turned in Saturday.

Will Open for Business.

The Monessen Nickelodeon will open up for business Friday. Manager Buck was here this morning, and was making arrangements for the opening. The building will not be completed by that time, but it will be far enough advanced to invite the public to the opening of the place. Mr. Buck the manager, says that Monessen will have one of the finest little amusement resorts in the valley, when his place of business is completed.

A GREAT CAMPAIGN NOW ON IN EARNEST.

Edwin S. Stuart as Republican Candidate for Governor Makes Himself Plainly Understood.

Apparently there is a great campaign on in the State of Pennsylvania, and judging from the amount of, not being published in the Emery papers about the Harrisburg capitol the election of Stewart as Governor would be a fatal stroke, and the voters of this great state would have occasion for remorse

But it must be remembered that the party that is to win this year must be irrevocably pledged to a strong movement forward and upward and it is most gratifying to the friends of Edwin S. Stuart, even to those who have not been inclined to give him their support, that he does not hesitate to make pledges in keeping with the reform movement that has been sweeping the country lately and he makes them in unmistakeable language.

It will be said, of course, by his opponent, that pledges of reform from Republican candidates have been offered in the past in uncountable numbers, and that few of them ever survived campaign purposes. But people, of one political faith or another, know that Mr. Stuart actually means what he says, and that if ,he shall be elected, the whole power of his great office will be exerted to turn his promises into actual achievements.

In this view of the matter, it was most gratifying to perceive that, in his strong speech at Johnstown, the other day, he declared his purpose. If he shall be called to the Governorship, to take care that the machinery and the money of the State shall be employed in a campaign against tuberculosis.

The was his language:

"Modern science has demonstrated that consumption is a curable disease, and that this great scourge of the human race, at once so communicable and so deadly, may, by resort to proper treatment, and by education in the laws of health and hygiene, be almost entirely wiped out.

I believe it is the duty of the State to commence at once the support of dispensaries, hospitals and sanitariums, for the treatment of our consumptive poor. It is of the greatest importance that appropriations be made, in order that our people may have some of the comforts for which successful treament of this disease become absolute necessities."

That utterance is worth quoting in full. The State goverment which shall espouse a cause so sacred and important, and shall measurably succeed, as it can succeed in extirpating consumption, as the federal government extirpated yellow fever in Havana, will impose a debt of gratitude upon the Commonwealth not easily to be repudiated.

Mr. Stuart promises to go further. The conditions of the impoverished insane in public institutions in this State is so shocking that, could voters see it, there would be an outburst of anger against the faithless politicans who are responible for it.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well

If your back aches or is weak, if the urine scalds, or is dark and strong if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

AN OLD MAN'S TRIBUTE.

An Ohio Fruit Raiser, 78 Years Old, Cured of a Terrible Case After Ten Years of Suffering.

When suffering daily torture
From backache, rheumatic pain,
Any ill of kidneys or bladder,
Turn to Doan's Kidney Pills.
A cure endorsed by thousands.
Read an old man's tribute.

Sidney Justus, fruit dealer, of Mentor, Ohio, says: "I was cured by Doan's Kidney Pills of a severe case of kidney trouble of eight or ten years' standing. I suffered the most severe backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything, and often I could hardly straighten my back. The aching was bad in the daytime, but just as bad at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful, and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

SIDNEY JUSTUS.

A FREE TRIAL of this great kidney medicine which cured Mr. Justus will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

MAY BUILD NEW TOWN.

Vista, on the Yough River, May Become Site of Large Iron Manufacturing Plant.

Negotiations are pending which if consummated means the locating of an iron industry in the McKeesport district which will furnish employment to about 1000 men. The site is at Vista station, several miles below McKeesport, and contains 90 acres of level bottom land, has a frontage of about one-half mile on the Youghiogheny river The main line of the B & O, runs through it and it is understood that negotiations are under way to have the P & L. E. bridge the river at this point giving the new industry the advantage of two trunk lines The farm in question is known as the Hamilton farm or original Greenawald place

The prospect of having the Youghiogheny slackwatered to West Newton, which movement is being pushed by the chamber of commerce, was an element in attracting the attention of the managers of the proposed new industry to this point.

It is known that Harry Myers and John C Devenny have secured an option not only on the manufacturing site but on some 200 acres additional adjoining land which is admirably adapted for a town site It is understood that Messrs. Myers and Devenny have offered the company a forty-acre site for a nominal price in view of enhancement in value of the other property.
